# Directory Service

Directory service is an integral part of our every-day life. There is nothing in any community that offers the vast amount of free public service, such as a directory gives and is giving every day in the year.

It is a great service to print every one's name—your business or occupation, your home and business address—free, without any trouble or expense to you at all.

It is a great public service to furnish this information to a community. In addition to this the directory is a great exposition of the people and their institutions. It contains everything of importance in the community. Every question they may ask is promptly and correctly answered by this ready reference publication, and all this information is constantly available to the public.

This is a service of inestimable value. The directory is a booster—a great economizer of time and effort—a public benefactor and historian.

You can find all the people all the time in your local directory.
